BETHEL PARK DRIVE IN LASER LIGHT SHOW

IMAGINE pulling into a large parking lot in Bethel Park

IMAGINE being treated to a beautiful and mystical display of laser lights programmed to music coming over your car radio.

IMAGINE local school PTAs selling everything from glow in the dark items, hot chocolate, and concessions.

IMAGINE HELPING TO MAKE THIS HAPPEN!

Read on.....

The Municipality of Bethel Park is partnering with PTAs in the Bethel Park School District and Emerald Owl Productions, Inc. to bring residents a unique, professional, and COVID-19 compliant entertainment experience: **A Drive In Laser Show.**

With so many lost events and experiences in 2020, this is a win-win-win. Bethel Park residents receive a great event at no cost to the taxpayers, schools get a great fundraiser, and local businesses get outstanding marketing exposure for making the event happen.

Instead of planning a date and trying to obtain enough sponsorship in time, we are first going to get the sponsorship funds. Once we have acquired sufficient sponsorship, we will set the date with Emerald Owl Productions. If for some reason, we do not attain enough sponsorship for the event to happen, all sponsorship funds will be 100% refunded.

Please contact me at the Municipality of Bethel Park for more information or sponsorship confirmation at (412) 851-2910. Goals of our event and sponsorship levels are attached to this package.

Thank you for your consideration.

Cathy Muscato
Municipality of Bethel Park Community Center Director
